JAINSON[®]

PRODUCT CATALOGUE

From Padlocks to Smart Locks – One Trusted Name Since 1965

OUR COMMITMENT TO QUALITY

At the core of our philosophy lies an unwavering commitment to consistent quality—across our products, systems, and services. We believe it is the foundation for our customers' satisfaction and long-term success.

Every product undergoes rigorous quality checks before it reaches the market. Our standardized Quality Control Policy includes a comprehensive range of tests such as Cycle Testing, Salt Spray Testing, Adhesive Testing, and Acetone Testing, ensuring we deliver only high-performance, reliable, and durable products.

Quality isn't just a standard—it's a promise we uphold in everything we do. Thus, all our products carry a warranty against manufacturing defects ranging from 1 to 15 years.

WARRANTY DETAILS

ABOUT US

Established in 1965, "Jainson" stands as a distinguished Pan-India brand dedicated to delivering superior security solutions. Renowned for its commitment to innovation, quality, and value for money, Jainson has consistently met customer satisfaction through exceptional service, advanced technology, and skilled craftsmanship.

For over 60 years, Jainson has been at the forefront of providing security and peace of mind to homeowners and businesses alike. Our legacy is built on understanding the intrinsic human need for both freedom and security. We believe that a secure home is the foundation of a peaceful life.

Recognizing the importance of aesthetics in security, we craft locks that are not only sturdy and reliable but also elegantly designed to complement the beauty of your spaces. Our commitment to excellence is reflected in our investment in state-of-the-art technology and a team of skilled professionals dedicated to producing the finest quality locks.

6 WAYS TO
UNLOCK!

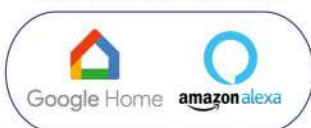

Code-705
Black Urban

Wifi-Gateway

WORKS WITH

Unlock from Anywhere

Use Gateway to Unlock from anywhere in the world, using the Mobile App.
Gateway Sold Separately*

360 degree Fingerprint Recognition

Time-saving 0.4 sec. unlocking speed. Register up to 100 fingerprints in the lock.

RFID Cards

Tap and access the door lock with stylish key cards.

Pin Code

Setup pin from 4 to 9 digits. Can go up to 16 digits when using Anti-Theft Passcode.

Mechanical Key

Two keys for those who wish to have reassurance and a sense of familiarity with traditional locking system.

Child Safety Switch

Disables the inner handle, preventing children from opening the door by pulling or hanging on it.

Anti-Theft Passcode

Use random numbers before or after the passcode in the presence of strangers to protect your original Passcode.

USB for Battery Backup

USB charging enables access in emergency situations in case the battery is exhausted.

Low Battery Indicator

Get Low Battery Alerts on Mobile App & Voice prompt from the lock.

Low Power Consumption

Efficient power consumption for long battery life.

Water & Dust Protection

Protective seals behind the handles for resistance against water & dust.

Universal Handle (Door thickness 35-65mm)

Can be operated on both Left & Right Handed doors.

Passage Mode

Leave the lock open for a set duration of time via the Mobile App.

Tamper Alert

Instantly notifies the user if multiple wrong attempts are made.

Smart Panel

Wakes with a touch & a keypad with large backlit digits that won't wear off.

Wi-Fi functionality requires a gateway, sold separately
